**Director of Workforce Development** 

**Subject:** Apprenticeship Policy

Information Notice No. 22-OCWDB-XX

### **PURPOSE**

To provide guidance on the development of Registered Apprenticeships, program eligibility, and the use of Apprenticeship Individual Training Accounts (AITAs) and Apprenticeship On-the-Job Trainings (AOJTs) for WIOA participants.

### **EFFECTIVE DATE**

This policy is effective immediately upon issuance.

### **REFERENCES**

- Workforce Innovation and Opportunity Act (WIOA) Pub. L. 113-128

### **BACKGROUND**

A Registered Apprenticeship Program (RAP) is a formalized, structured training program that combines on-the-job-training with related practical and technical classroom instruction in highly skilled occupations. The Registered Apprenticeship is industry driven where employers determine the skills that are essential to sustain a quality workforce. Registered Apprenticeships target participants who need training and prepare them for in demand occupations. As an "earn and learn" strategy, Registered Apprenticeships offers job seekers immediate employment opportunities that pay sustainable wages and offer advancement along a career path.

### WORKFORCE & ECONOMIC DEVELOPMENT DIVISION

1300 SOUTH GRAND BLDG. B, FIRST FLOOR SANTA ANA, CA 92705 PHONE: 714.480.6500 FAX: 714.834-7132 APPROVED BY EXECUTIVE COMMITTEE ON 5/19/2022

Graduates of RAPs receive nationally-recognized, portable credentials, and their training may be applied toward further post-secondary education.

All Registered Apprenticeship Programs consist of the following five core components:

- Business Involvement
   Businesses must play an active role in building RAPs and are involved in every step of their design and execution. Employers determine the skills needed for workforce success.
- On-the-Job Training (OJT)
   Every RAP includes structured OJT. Companies hire apprentices and provide hands-on
   training from an experienced mentor. This training is developed by mapping the skills
   and knowledge the apprentice must learn over the course of the program to be fully
   proficient at the job.
- 3. Related Instruction Apprentices receive related instruction or classroom style training that complements the OJT. This instruction helps refine the technical and academic skills that apply to the job. Related instruction may be provided by a community college, technical school or college, an apprenticeship training school, or by the business itself. This instruction can be provided at the school, online, or at the work site.
- 4. Rewards for Skill Gains Apprentices receive increases in pay as their skills and knowledge increase. Progressive wage gains reward and motivate apprentices as they advance through training and become more productive and skilled at their job.
- 5. National Occupational Credential Every graduate of a RAP receives a nationally-recognized credential issued by the U.S. Department of Labor or state apprenticeship agency. This portable credential signifies that the apprentice is fully qualified to successfully perform an occupation.

Sponsors of Registered Apprenticeship Programs must have the program approved by either the U.S. Department of Labor or the California Division of Apprenticeship Standards (DAS).

### **Definitions**

<u>Intrastate Training Resource and Information Network (I-TRAIN)</u> – The online, searchable database used by South Bay Workforce Investment Board (SBWIB) that includes the training program information (such as contact name, location, accessibility, accreditation, and availability of financial aid) for approved training programs in the Southern California region. (https://wioa.i-train.org/)

<u>Non-traditional Registered Apprenticeship</u> – An Apprenticeship in an industry or occupation other than construction or the trades.

On-the-Job Training (OJT) - A training option that provides employers the opportunity to train new participants (Trainees) on the specific knowledge or skills essential to achieve full and adequate performance of the job.

<u>Pre-Apprenticeship Skills Training</u> - A program or set of strategies designed to prepare individuals to enter and succeed in a registered apprenticeship program and has a documented partnership (letter of commitment) with at least one, if not more, approved apprenticeship program(s). The RAP partner for the pre-apprenticeship program must be approved by the

APPROVED BY ONE-STOP OVERSIGHT COMMITTEE ON 5/12/2022

APPROVED BY EXECUTIVE COMMITTEE ON 5/19/2022

California Department of Industrial Relations, Division of Apprenticeship Standards (DIR/DAS). Such pre-apprenticeship programs must possess or develop a strong record of enrolling their pre-apprenticeship graduates into a registered apprenticeship program.

<u>Sponsor</u> – The employer, organization, educational institution, agency, or industry association responsible for developing and registering the apprenticeship and ensuring proper implementation of the program after approval.

<u>Traditional Registered Apprenticeship</u> - Programs in the construction or trade industries that are time-based and require a specific number of hours of OJT and related instruction.

### **Policy and Procedures**

The Orange County Workforce Development Board (OCWDB) Business Solutions Unit supports employers in developing new RAPs. Business Solutions is responsible with identifying employers and businesses that would be appropriate for an apprenticeship and connecting these employers with DAS/DOL to begin the registration process. OCWDB is targeting non-traditional apprenticeship industries and occupations for apprenticeship development.

For employers without an established Registered Apprenticeship, OCWDB Business Solutions will evaluate the employer's current or proposed training program and work with the employer to determine the appropriate training approach. If the employer's training program meets the criteria of an apprenticeship, Business Solutions will recommend applying for DAS/DOL approval. Training programs that are six months or less may be categorized as an OJT, rather than a Registered Apprenticeship, and would follow the OCWDB On-the-Job Training Policy.

Service Providers are to promote RAPs with eligible WIOA participants.

### **Eligibility**

WIOA program participants must meet eligibility requirements prior to being provided training services, in accordance with OCWDB Training Services Policy.

### Registered Apprenticeship Funding

OCWDB may fund the classroom training and/or the OJT phases of an apprenticeship. In order for a RAP to be eligible for WIOA funding, it must be approved by DAS and listed on I-TRAIN. All apprenticeships approved by DAS are authorized to be automatically placed on the local Eligible Training Provider List (I-TRAIN for Orange County). However, they may not always be listed because apprenticeship programs have the authority to decide if they want to be included or not.

1. Apprenticeship Individual Training Account (AITA) The AITA applies only to apprenticeship training not provided directly by the employer. An AITA is limited in cost and duration and shall be provided only to eligible participants on the basis of an individualized career assessment. Participants must meet the financial need requirement of being unable to obtain grant assistance from other sources to pay partial or full costs of such training. The AITA will be processed in accordance with the OCWDB Individual Training Account Policy.

As with an ITA, the cost limit for an AITA is \$6,500 for the lifetime of the participant. The maximum AITA limit is not an entitlement. A waiver must be approved by the Director of Workforce Development for AITAs exceeding the cost limit. The amount and duration of

APPROVED BY ONE-STOP OVERSIGHT COMMITTEE ON 5/12/2022

APPROVED BY EXECUTIVE COMMITTEE ON 5/19/2022

each participant's AITA award is determined on an individual basis. The total cost of the selected training program, any other financial assistance available to the participant, and the funding provided by WIOA available to the Adult, Dislocated Worker, or Youth Programs will factor into the AITA amount.

A participant must be accepted by a registered apprenticeship's training program and sponsor, when applicable, prior to the execution of an AITA.

2. Apprenticeship On-the-Job Training (AOJT)

WIOA authorizes the use of OJT funding to reimburse the Registered Apprenticeship employer for the wages provided to an apprentice during the OJT portion of the apprenticeship. Reimbursement will be based on availability of funding and have a maximum timeframe of one year. A participant is eligible for only one AOJT with a lifetime maximum of \$50,000. A waiver must be approved by the Director of Workforce Development for AOJTs lasting more than one year or exceeding the cost limit. A contract with the employer must be executed in accordance with the OCWDB On-the-Job Training Policy.

Reimbursement rates are based on the size of the employer:

- A maximum of 20 percent for companies with over 50 employees
- A maximum of 30 percent for businesses with 50 employees or less

### **Pre-Apprenticeship Programs**

A pre-apprenticeship program funded with WIOA funding must have at least one Registered Apprenticeship partner; such pre-apprenticeship programs must possess or develop a strong record of enrolling their pre-apprenticeship graduates into a Registered Apprenticeship program. Pre-apprenticeship programs generally consist of the following:

- Training and curriculum that aligns with the skill needs of employers in the economy of the State or region involved;
- 2. Access to educational and career counseling and other supportive services, directly or indirectly;
- 3. Hands-on, meaningful learning activities that are connected to education and training activities, such as exploring career options, and understanding how the skills acquired through coursework can be applied toward a future career;
- 4. Opportunities to attain at least one industry-recognized credential; and
- 5. A partnership with one or more Registered Apprenticeship programs that assists in placing individuals who complete the pre-apprenticeship program into a Registered Apprenticeship program.

Pre-apprenticeship programs do not have the same automatic ETPL status under WIOA as do Registered Apprenticeship programs; USDOL does not register or regulate pre-apprenticeship programs. If the pre-apprenticeship training program seeks ETPL status and is approved and placed on the ETPL, WIOA Title I funds may be used to fund that program for eligible individuals.

### **Participant Case File**

Service Providers and OCWDB staff shall ensure proper documentation is kept in the participant's hard and electronic case files and available for inspection and review by local, State and Federal monitors. Refer to OCWDB WIOA Documentation Requirements Policy for more information regarding documentation.

From: Carma Lacy

**Director of Workforce Development** 

**Subject:** Conference, Meeting, Training, and Event Request Policy

### **PURPOSE**

The purpose of the Conference, Meeting, Training, and Event Request Policy is to have a process in place for Service Providers to request approval for attendance at public events, events/meetings hosted by elected officials, or other special engagements (conferences, meetings, trainings) in which Service Provider staff will be representing a County of Orange funded program.

### **EFFECTIVE DATE**

This policy is effective immediately upon issuance.

### **POLICY AND PROCEDURES**

Service Providers are to communicate the request regarding outreach events, meetings, trainings, conferences, including requests for the Service Provider to speak, present, and/or participate in a panel on behalf of the program, via email to their Program Manager for approval. OCWDB will conduct an internal evaluation of the request; requests may take up to 30 days to review.

### To submit a request:

- Submit the Request Form (Attachment I) at least 45 days prior to the event to the assigned Program Manager. If it is less than 45 days when notice is received of the event, the Request Form is to be sent ASAP. While completing the form, Service Provider will consider the operational needs of the event, in-house coverage in order to maximize staffing resources, program requirements, and relevance to core program duties.
- Program Manager will review the request and adhere to the following review process:
  - Review submitted form and follow-up with Service Provider with any clarifying questions.
  - If Program Manager agrees with request, forward Request Form to Director of Workforce Development for approval.

When forwarding the form, the Program Manager will indicate in the subject line of the email the type of request (i.e. conference, meeting, training, speaker, etc.).

- 3. Upon review and approval/denial of request by Director of Workforce Development, Program Manager will email the Request Form back to the Service Provider.
- 4. Program Manager is to store a copy of the Request Form in the Service Provider's electronic file.

The Quarterly Performance Report (QPR) details project activities conducted during each quarter that contribute to project goals. The EDD Project Management (PM) Team uses the information shared in the QPR to assess project progress, identify and share best practices, and identify any technical assistance needs. The QPR must be submitted no later than 20 days following the end of the quarter on the following dates:

Time Period	Due Date
April thru June	July 20
July thru September	October 20
October thru December	January 20
January thru March	April 20

If the QPR due date falls on a state holiday before becomes the report.

### Activities and Services For This Quarter

Additional Comments on Participant Reporting (Description of services provided, type of training, industry sector, etc. Include any relevant details on delays to achieving planned numbers, if applicable).

During the Fourth Quarter (January- March 2022), the VEAP project staff enrolled 88% of new participants screened for eligibility that sought assistance with employment services representing 35 new enrollments. 28 new participants were assessed and identified the need for individualized career service but required additional guidance to determine the desired industry sector which closely match their current interests and abilities. VEAP Project staff have noted individual skills gaps for participants however those with significant barriers to employment were least likely to enter a particular training after conducting staff-assisted career searches based on labor market trends and data.

VEAP Project staff regularly provided supports towards an adequate career search of possibilities toward work-based learning including on the job training that may provide upskills to career enhancement opportunities.

During this report period 40% of newly enrolled participants (representing 14 new enrollments), encountered multiple barriers to employment including lack of stable housing, behavior health, other eligible resources, which required VEAP project staff to engage numerous external partnerships to leverage mentorship and guidance.

Additionally, VEAP Project staff was able to provide supportive service for needs-based assistance. During this report period the VEAP project is 73% of our currently planned performance goals of Veterans enrolled.

Current performance goal challenges faced by this VEAP Project continues to be in the area of Work Based Learning however project staff engages with OC Business Solutions monthly to review prospective on the job training opportunities with employers as well as Jobs for Veterans State Grant Disabled Veterans Outreach Program coordinators and Local Veterans Employment Representatives to support career goals of enrolled participants.

Other challenges identified by VEAP Project staff is with participants need for more one on one career coaching as well as mentorship.

2. Describe the following activities and services that occurred during the reporting period including what work was done and how it relates to the services and activities proposed in Exhibit A: Project Narrative and Exhibit I: Project Work Plan, and any other goals of the project.

Activities/Services Provided	Description
Participant Outreach	During Quarter 4 (January – March 2022), the VEAP Project staff has permanently out-stationed at the Garden Grove Workforce Solutions Center and established new relationships with Salvation Army Career Development to engage with unhoused eligible veterans seeking employment and career training.  VEAP project staff has also provided outreach activities at Tibor Rubin VA Healthcare System Long Beach to develop linkages to veterans through the Healthcare for Homeless Veterans resources. This report period VEAP staff began development of a VEAP informational video to expand reach to more prospective veterans virtually.
Project Partnerships (development, enhancement, engagement, commitment)	VEAP Project staff expansion to include co-location with WIOA/ AJCC One Stop Operator has provide enhancements to partnership capacity building. Additionally, building new partnerships with Southern California Transition Assistance Advisors, Soldiers and Family Readiness Center at Joint Forces Training Base Los Alamitos has provided engagement

	opportunities with military members discharging from recent deployments that seek career or training services.
Enrollment, Intake, and Assessment	Enrollment, intake and assessment opportunities continue to demonstrate an upward increase mostly due to VEAP Project staff mobility within the community as well as new outstation locations to reach eligible participants where they are most likely to engage with other types of community services needs such as unemployment services.  VEAP participants with barriers to employment that also possess higher post-secondary education are taking longer during assessments to identify skills gaps that have contributed to long term unemployment or slow career growth. VEAP Project staff have determined less desire by these participants to engage in training.
Co-Enrollment (WIOA Title I-IV, CalWORKS, CalFresh, other)	Co-enrollment with WIOA Title I provider continues to be a focus for VEAP staff. Consistent coordination with WIOA Title I providers have increased co-enrollments this report period.  Additional co-enrollment opportunities have been through collaboration with Working Wardrobes, which has capacity to leverage clothing resources and other pre-vocational activities to support VEAP Participant's self-direct career searches.
Program Services (Intensive Case Management, Integrated Resource Teams, Supportive Services, Referrals)	During the report period (January- March 2022), intensive case management has been required to guide participant career and training needs.  VEAP Project staff has leveraged co-case management opportunities with WIOA providers as well as Disabled Veterans Outreach Program coordinators to identify where participants may be placed in employment.
System Change/Alignment (Plans, MOUs, policy, procedures, data sharing, blending and braiding resources, sustainability)	VEAP project staff continues collaborating with attendance at multiple monthly meetings with EDD Disabled Veterans Outreach Program Coordinators, WIOA Title I Service Providers, Orange County Veterans and Military Families Collaborative Employment/ Entrepreneur Working Group to expand a system network that serves veterans.

Staff, Project Team, Stakeholder Training/Capacity Building	VEAP staff continues capacity building and partnership driven outreach to inform and educate stakeholders of program value as well as enhancement to existing service partners.
Business/Employer Engagement	VEAP performed outreach and engagement through webbased inquiries as well as networking events with private businesses.  This report period VEAP Project Staff expanded capacity with the Veteran Employee Resource Group at Medtronics, a Global Healthcare Technology company that has volunteered their staff time to assist with a pre-review of VEAP participant's resumes that are interested in technology with the company.

## **Expenditures and Matching Funds For This Quarter**

#### 3. Expenditure Reporting

Planned Expenditures to Date *From Exhibit E: Funding and Expenditure Plan	Actual Expenditures to Date	Performance % (Actual/Planned)
\$235,000	\$236,507.78	101%
Planned Matching Funds to Date *From Exhibit E: Funding and Expenditure Plan	Actual Matching Funds to Date	Performance % (Actual/Planned)
\$509,592	\$12,203.74	2.4%

Additional Comments on Expenditures (Include a summary of how grant funds were spent, how matched funds supported the project, and explanation of any delays to meeting planned expenditures).

During this report period, planned expenditures remain consistent to administrative cost and program to engage with participants on intensive career management services. VEAP Project has successfully recruited staff to support project objectives.

VEAP has not been able to expend allocated supportive services as most VEAP Participant requests have been along non-allowable costs.

### Successes and Challenges For This Quarter

 Best Practices/Lessons Learned: Detail any notable achievements made, obstacles encountered and overcome, identified best practices, lessons learned, and/or ongoing challenges.

The VEAP Project staff attribute increased enrollment to planned outreach strategies that includes mobility to meet veterans where they are as well as capacity building outreach to external stakeholders serving veterans.

Lessons learned from the projects strategic expansion and enhancement is through building partnerships and staying engaged with participant's more than on a monthly basis. VEAP Project staff meets consistently on a monthly basis with employed participants and at a minimum biweekly with those that are unemployed. The level of engagement builds trust with participant's but also fosters opportunities to expand a collaborative relationship for job coaching.

5. Participant Success Stories: Detail any notable participant success stories including relevant information about the services strategies utilized, barriers overcome, participant challenges and accomplishments, training completions, job placements, and any other positive outcomes. Do <u>not</u> include any Personally Identifiable Information (PII).

VEAP's Participant success story during this report period is of a U.S. Marine veteran that discharged from service and relocated back to Orange County. Veteran's recent discharge and interest to secure employment was mostly motivated by his new family (wife and newborn child). Veteran possesses a Bachelor of Arts in Education as well as Master of Science in Project Management but was unsuccessful in obtaining relevant employment above a self-sufficient wage. The Veteran expressed frustration as he expected he would obtain employment quickly due to an eight-year military career as a commissioned officer.

The Veteran informed VEAP staff that he made numerous attempts independently as well as sought guidance from other employment type service. Veteran indicated that the assistance he obtained from VEAP Project staff included resume review and restructure to target his desired industry sector, job coaching and interview techniques, and salary negotiations allowed him to obtain the career he wanted.

The Veteran was able to obtain employment in technology with a negotiated salary of \$30 per hour.

6.	<b>Technical Assistance:</b>	Detail any technical	assistance that would	support or	accelerate	project
	efforts.					

No Technical assistance to note this report period.

7. Materials: Please list and attach any event flyers, press releases, news clips, project photos, and/or any other materials that illustrate grant activities and successes.
